ELECTION IN MAINE.

The Battle In That State Comes Off Today.

WILL BE A ONE-SIDED AFFAIR.

There is no show for the Democratic ticket and it is predicted the Republicans will roll up an increased majority—Other News in the Political Circle.

ATLANTA, Me., Sept. 14.—If predictions prove true Lowell Powers, Republican, will be elected governor of Maine today by over 30,000 majority, with a strong possibility that the figures will be nearer 40,000. At least that is what the prophets of both parties, who have been figuring the vote for the last three weeks, declare.

Not in 20 years has the Pine Tree state seen such a vigorous canvass with so much interest manifested. During the last three weeks it is estimated that over 700 speeches have been delivered in all sections of the state by orators of local and national fame in behalf of both parties. Tons of campaign documents have been distributed. The Republican canvass has, of course, been conducted under the more favorable circumstances.

Maine has never heard so many distinguished Republican orators as during the past few weeks. On the other hand the Democratic host has had many dissenters within its lines and the number of prominent deserters has been large. Six weeks ago all was confusion and disorganization in the Democratic camp. The fighting fund was small and victory was practically impossible. But the supporters of free silver rallied the faltering army and took up the contest, determined to make the best fight possible, and until the last gun was fired they resisted stubbornly.

The Democratic managers claim that the doctrine of free silver was practically unknown in Maine two months ago, and they argue that the Democratic vote which will be cast today means that their policy has made great gains in the last few weeks. They declare that if the Republican majority falls below 30,000 it will be a Democratic victory.

The governor is the only state officer elected by the people of Maine, all the others being chosen by the legislature. The candidates are Hon. Lowell Powers, Republican; Hon. Melvin P. Frank, Democrat; A. S. Ladd, Prohibition, and Luther C. Bateman, Populist. The name of William Henry Clifford, the nominee of the gold Democrats, is not on the ticket, and those who wish to vote for him must write his name on the ballot.

In all of the congressional districts increased majorities are looked for for the Republican candidates. It is not expected that a single Democrat will secure a seat in the senate.

GREETED BRYAN AT CHURCH.

Big Crowd Gathers Where He Attended Church at St. Louis.

ST. LOUIS, Sept. 14.—When William J. Bryan came out of the Presbyterian church he attended yesterday, he was greeted by a crowd of several thousand people who cheered him and shouted as loudly as did the throngs that heard him speak Saturday night. The edifice was packed to its fullest capacity and hundreds were turned away. Nothing remarkable occurred during the services, but as soon as the benediction was pronounced there was a crush around the pew occupied by Mr. Bryan. All seemed determined to grasp him by the hand. The jam became so violent in a short while that Mr. Bryan was almost crushed to the floor. A sergeant of police was called, and aided by Colonel J. I. Martin, whose pew he occupied, succeeded in conducting Mr. Bryan safely out of the church. And then Mr. Bryan saw what he had never seen before. For blocks about the church was a great multitude, several thousand, wholly forgetful of the Sabbath, they cheered him lustily as he had been cheered the night before at Concordia, Sportman's park and the Auditorium.

At 6 o'clock this morning he started on his tour through the south.

PALMER AND BUCKNER.

Formally Notified of Their Nomination at Louisville.

LOUISVILLE, Sept. 14.—At the auditorium Saturday night there was a great crowd of National Democrats. The occasion was the formal notification to the candidates of the action of the Indianapolis convention. Senator Don Caffrey from the far south, in words of warm personal friendliness, and expressive of confidence of the gathering by which he was delegated, made the speech notifying Hon. John M. Palmer, the hoary-headed Federal general who, yesterday, turned his 5 score and 10 years.

Sectionalism was again disregarded when the eloquent New York colonel, John R. Fellows, tendered to General S. B. Buckner, a gallant Confederate, the honor of second place on the national ticket. The speeches of these four gentlemen furnished the inspiration for repeated outbursts of enthusiasm. The auditorium, which seats about 4500, was thrown open to the public with the exception of several hundred seats on the

stage, reserved for distinguished visitors, and part of the parquette, in which out-of-town delegations were provided for. It was filled to the utmost.

ON TO MEXICO.

Trades and Labor Assembly Sends Two Men There to Investigate.

DENVER, Sept. 14.—The Trades and Labor assembly has decided to send a committee to Mexico to investigate the conditions of labor in a free silver country. This is done because it is alleged by them that the committee recently sent to Mexico by the Labor assembly is under the influence of the gold standard advocates. The committee consists of T. W. Taylor, president of the Labor assembly and Charles N. Monaghan, representing the Knights of Labor. They leave here next Thursday.

NEW LONDON, Conn., Sept. 14.—Ex-Governor Thos. M. Waller just made a public statement in which he expressed his intention to vote for McKinley.

Bryan In Illinois.

MR. VERNON, Sept. 14.—W. J. Bryan spoke here today to a crowd of about 7000 people on the courthouse square.

THERE IS NO CHANGE.

The Situation In Turkey Is Still In A Threatening Condition.

CONSTANTINOPLE, via Sofia, Bulgaria, Sept. 14.—(Copyrighted 1896 by the Associated Press.)—There is little or no change in the political situation here, and it is believed the powers will not take action immediately in the case of the sultan, Abdul Hamid. A great deal is depending on the result of the czar's approaching visit to Balmoral.

According to the palace officials, the audience which Sir Phillip Currie, the British ambassador, had with the sultan on Friday last, resulted in confiding to his majesty that the feeling against him in Great Britain is much more intense than he and his advisers realized, and it was intimated that Great Britain, in certain eventualities, might be compelled to take action independent of other powers in preventing further disturbances there.

In spite of this assurance it is noticeable there is renewed serious anxiety among the foreign portion of the population that another outbreak will occur at a not far distant date.

British vessels carrying Armenian refugees are guarded by the British warship Dryad while in the waters in order to prevent the arrest of their passengers by the Turkish authorities.

FAILURE AT MINNEAPOLIS.

A Mortgage Loan Company Assigns For Benefit of Creditors.

MINNEAPOLIS, Sept. 14.—A. F. and L. E. Kelly, a well known mortgage loan firm, filed an assignment here to C. M. Hansen and A. C. Cobb, jointly. Liabilities are estimated at between \$100,000 and \$150,000. Assets not known. The assignment is principally due to the firm's advancing money for delinquent borrowers to keep up the interest and taxes, and the exhausted condition of the firm's cash resources brought about by business depression. The firm has loaned several millions of eastern money, mostly on farm property and the loans are well secured.

Old Philadelphia Firm Fails.

PHILADELPHIA, Sept. 14.—Coffin, Alems & Co., the oldest, and one of the largest wholesale drygoods firms in the city, has made an assignment to John Lowber Welsh for the benefit of creditors.

NEW SWINDLING SCHEME.

An Advertisement In A Paper Causes The Arrest of A Woman.

NEWBURGH, N. Y., Sept. 14.—Mrs. Anna Grossner, a Swedish woman of 30 years, who has a husband and six children, was arrested in this city Saturday night on a warrant charging her with using the United States mails unlawfully. Mrs. Grossner is alleged to have advertised in a matrimonial paper that her husband had died and left her a fortune, but that the estate was not settled up yet. She wanted the assistance of a wealthy gentleman, and stated that she would go to his home for an interview if money to pay her fare was sent her. It is alleged that she obtained \$40 from William A. Silcott of Mount Vernon, O., in this manner.

BURNED UP THEIR MONEY.

A Wife Builds A Fire In A Stove Containing \$13,000.

NILES, Mich., Sept. 14.—Peter Warner, a well-to-do farmer living near Edwardsburg, lost considerable money recently by the failure of a bank in that place. A few weeks ago he disposed of some real estate for \$13,000. The money was in bills of large denomination, and Warner, not believing in banks, placed it for safe keeping in a stove in the parlor, which had been unused for the summer. Sunday night his wife, who did not know the money was in the stove, built a fire there and the package of bills was destroyed.

The Prodigy Dead.

SPRINGFIELD, Ill., Sept. 14.—The infant son of Mr. and Mrs. C. T. Wilson of Athens, is dead of cholera morbus. The child was a prodigy. Though but 15 months old, it was three feet high and weighed 57 pounds and was able to talk.

SPAIN HAD TO GIVE IN.

Demands of the United States Government Acceded To.

THE TREATY IS STOOD UP TO.

Competitor Prisoners Will Now Get A New Trial by the Civil Courts—The Madrid Government Reached This Conclusion Sometime Ago, but Was Waiting For the Cortes to Adjourn.

WASHINGTON, Sept. 14.—The Spanish government has yielded to the demands of the United States for a trial by civil court of the Competitor prisoners. Authentic information to this effect has reached the state department unofficially and the formal announcement is expected in the next mail from Minister Taylor at Madrid. The government reached this conclusion sometime ago, but has delayed the formal announcement of its decision until after the cortes adjourns in order to escape criticism from that body for making concessions to the United States.

While expecting this decision, the authorities have become very impatient of late over the long delay on the part of the Spanish ministry in complying with the demands for a fair trial of the Competitor prisoners, who have been in prison under a death sentence imposed by a court martial for nearly five months. Petitions have been pouring in on the state department from all quarters urging prompt action in behalf of these men. Despairing of favorable action on the request for a civil trial, some of these petitioners urged that an appeal be made to the Spanish ministry for the pardon of the men.

The department has no intention of asking for a pardon. Secretary Olney has insisted from the first that the men were irregularly tried and in violation of express treaty stipulations. He requested a retrial, not by way of favor, but as a matter of right and in answer to inquiries from members of the senate committee on foreign relations he emphatically stated that the administration would never submit to the carrying out of the sentence of the summary court martial.

It is a matter of considerable relief to the authorities here to know that Spain has found it expedient to comply with the demands of the United States in regard to these men. For sometime past it has been considered one of the most troublesome questions in dispute between the two countries.

OUTGROWN ITS CLOTHES.

Alaska Wants the Privilege of Governing Itself.

CHICAGO, Sept. 14.—Congressman Aldrich of this city, who has just returned from a 6-weeks trip to Alaska, brings the news that the people of that distant territory think it has outgrown its swaddling clothes and wants to govern itself.

Demand is made for a regular territorial government, a new set of up-to-date laws and the privilege of sending a delegate to congress like Arizona, New Mexico and Oklahoma. The restless Alaskans have already caused to be introduced in the national house of representatives several bills to bring about these projects, on which they have set their hearts.

There are many Americans in Alaska who point with unconcealed disgust to congress' neglect and then the jealous care with which the British are fostering the interests of their citizens on the Canadian boundary of Alaska.

HERR MOST DISGUSTED.

Says If He Had the Money He Would Go West and Live in Retirement.

CHICAGO, Sept. 14.—A special to The Tribune from New York says Anarchist Herr Most would leave New York if he could raise the funds to do so. He admits that anarchy is on the decline in New York and that it does not pay to be an anarchist leader. In the last issue of his paper he says:

"If I had the money I would go west and live in retirement or found a colony. I know that this would not further the cause of social revolution, but that cannot be helped. The present state of affairs in New York does not suit me. I am disgusted with the dullness and apathy about anarchy here."

FOUL PLAY SUSPECTED.

Two Men Arrested Charged With Poisoning Their Companion.

VICTOR, Colo., Sept. 14.—Charles McGiven, George O'Toole and George Stevens were found dead last evening in a cabin a mile from Victor. The men, with Harry Doyle and George McDermott, had been occupying a cabin for some time and all had been drinking heavily. The latter two have been arrested on suspicion of poisoning their companions.

Struck by Lightning.

WORTHAM, Tex., Sept. 14.—Henry Pollin was struck by lightning during a thunderstorm here. He was standing in his house by a window when struck. There was no damage to the house or any other of the inmates.

Shot and Killed.

CLARKSVILLE, Tex., Sept. 14.—John Deaton was shot and instantly killed Sunday morning. The killing occurred about 12 miles southeast of this place near Garvinville.
